

LES ÉTAPES DE FABRICATION

AVEC PLUS DE 20 ANS D'EXPÉRIENCE

PROCESS DE FABRICATION

Nous utilisons un GEL COAT et des résines de haute technologie vous **garantissant une parfaite durabilité !**

- 1** Application Gel Coat ISO NPG
- 2** Application fibre de verre + résine **Vinylester**
- 3** Application fibre de verre + résine Ortho DCPD
- 4** Pose de renforts verticaux + horizontaux (ceinturage tubes galvanisés)
- 5** Application fibre de verre + résine Ortho DCPD sur les renforts

LIVRAISON & INSTALLATION

FRANCE ENTIÈRE

L'usine se situe dans le Sud Ouest sur l'axe autoroutier A 89 reliant Bordeaux à Lyon. Elle dispose de 6 ensembles routiers avec remorque porte piscine et grue autonome.

Nous pouvons également selon les modèles, optimiser les transports en livrant 2 piscines dans la même zone géographique sans encombre.
